Alternatively you can choose to share your download links on blogs, forums and social networking sites. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Simply upload your file and share the link. Just upload the file you want to share with your friends and we send you a download link to your file. So try our free and simple filehosting service now. Keep your files private, or send your download links only to friends or family. File is free to use with no gotchas and no hidden fees. We have no file size limit. Any file in any format can be uploaded and downloaded for free. filehosting provides an easy possibility for you to send large files to your friends. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer orphone and our servers, then from our servers to your friends device. You decide who you want to share your files with. Files can be downloaded from anycomputer from our high speed servers. There are no restrictions on the number of times a file can be downloaded. No account or credit card is required to getstarted. It is also allowed to link to the download page from websites and communities. Our service is completely free for everyone. You can upload any type offile (movies, music, documents, images, zip files and more). Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costingyou money in data storage fees. Using file, you can circumvent those limits without paying to upgrade your team chat service. The cost of that data transfer iscovered by your internet service or the data plan on your phone. If only we could, we surely would! On the other hand, using file can actually save you money. Unfortunately, we can't make that part free. You can give this download link to your friends by mail or instant messenger. This is easy, fast and reli
