Maybe even better than free.

When you use file, you avoid storing the file you're sending in your cloud storage or mail server. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Any file in any format can be uploaded and downloaded for free. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. There are no restrictions on the number of times a file can be downloaded. Keep your files private, or send your download links only to friends or family. Why paystorage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferredwithin their apps. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Using file,you can circumvent those limits without paying to upgrade your team chat service. If only we could, we surely would! On the other hand, using file can actuallysave you money. You can upload any type of file (movies, music, documents, images, zip files and more). Files can be downloaded from any computer fromour high speed servers. Our service is completely free for everyone. File is free to use with no gotchas and no hidden fees. It is also allowed to link to thedownload page from websites and communities. The cost of that data transfer is covered by your internet service or the data plan on your phone. Alternativelyyou can choose to share your download links on blogs, forums and social networking sites. We have no file size limit. You decide who you want to share yourfiles with. No account or credit card is required to get started. filehosting provides an easy possibility for you to send large files to your friends. So try our freeand simple filehosting service now. You can give this download link to your friends by mail or instant messenger. You don't need any special software installedto be able to download your files. Just upload the file you want to share with your friends and we send you a download link to your file. Unfortunately, we can'tmake that part free. Simply upload your file and share the link.
