Schedule of Employer Contributions	35
Notes to Required Supplementary Information	36 – 37
OTHER SUPPLEMENTARY INFORMATION:	
Other Funds – Combining Balance Sheet	38
Other Funds – Combining Statement of Revenues, Expenditures and Changes in Fund Balances	39

#### INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of UNIVERSITY PARK PUBLIC LIBRARY DISTRICT University Park, Illinois

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of **UNIVERSITY PARK PUBLIC LIBRARY DISTRICT** (the "District"), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Since 1969 Members American Institute and Illinois Society of Certified Public Accountants

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is
  expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## UNIVERSITY PARK LIBRARY DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the University Park Public Library District (the "District") we offer readers of the District's financial statements this narrative overview and analysis of the District's financial performance during the fiscal year ended June 30, 2022. We encourage readers to read this information in conjunction with the District's financial statements.

#### **Financial Highlights**

The District's total net position at June 30, 2022 was \$2,125,136, an increase of \$120,805 from June 30, 2021.

The District's governmental activities had revenues of \$636,196 in the year ended June 30, 2022 as compared to revenues of \$733,783 in the prior year. The District's governmental activities had expenses of \$515,391 in the year ended June 30, 2022 as compared to expenses of \$434,640 in the prior year. This represented a 13.3% decrease in revenues and 18.6% increase in expenses.

#### **Overview of the Financial Statements**

Management's discussion and analysis serves as an introduction to the District's financial statements. The basic financial statements include the Governmental Funds Balance Sheet and Statement of Net Position, Governmental Funds Revenues, Expenditures and Changes in Fund Balances and Statement of Activities, and Notes to Financial Statements. The District qualifies as a special-purpose government engaged in only one governmental-type activity allowing it to combine the fund and government-wide financial statements. This is done through the use of an adjustment column on the face of the statements, which reconciles the fund-based statements to the government-wide statements.

#### **Government-wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business. These statements provide both long-term and short-term information about the District's overall status.

The Statement of Net Position includes all of the District's assets, deferred outflows, liabilities and deferred inflows with the difference reported as net position. Increases and decreases in net position serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating. Non-financials factors, such as changes in the District's property tax base and condition of the District's buildings and equipment, should be considered regarding the overall health of the District.

The Statement of Activities reports how the District's net position changed during the current fiscal year. All revenues and expenses are included regardless of when cash is received or paid. An important purpose of the design of this statement is to show the financial reliance of the District's distinct activities or functions on revenue provided by the District's taxpayers.

#### **Fund Financial Statements**

A fund is a group of accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the District's most significant funds rather than the District as a whole. Major funds are reported separately while all other funds are combined into a single aggregated presentation.

Governmental funds are reported in the fund financial statements and encompass essentially the same functions reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and the balance of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the short-term.

Both the Governmental Funds Balance Sheet and Governmental Funds Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to assist in understanding the difference between the government-wide and fund financial statements.

In addition to the basic financial statements, notes to the financial statements provide further information to the reader and should be considered an integral part of the financial statements.

Budgetary comparison schedules are also provided as required supplementary information, which is useful in comparing how District expenditures were made in comparison to budgeted amounts.

#### **Financial Analysis**

Total Liabilities and deferred									
inflows of resources		1,418,892	100.0%		1,396,128	100.0%		22,764	1.6%
Net Position									
Net investment in capital assets		1,304,186	61.4%		758,208	37.8%		545,978	72.0%
Restricted		1,117,072	52.6%		1,125,858	56.2%		(8,786)	-0.8%
Unrestricted		(296,122)	-13.9%		120,265	6.0%		(416,387)	-346.2%
Total net position		2,125,136	100.0%		2,004,331	100.0%		120,805	6.0%
Total liabilities, deferred inflows of									
resources and net position	\$	3,544,028		\$	3,400,459		\$	143,569	4.2%

- The District's current liabilities consisted of accounts payable, accrued expenses, and the current portion of the note payable.
- The noncurrent liabilities consisted of the long-term portion of the note payable.
- Deferred inflows of resources consisted of unavailable property taxes and deferred IMRF resources.
- The decrease in cash of \$472,026 and increase in capital assets of \$545,978 was mainly due to the District's renovation project to add a 1,500 square foot meeting room to the library building.

#### Net Position:

- Net position may serve, over time, as a useful indicator of the District's financial position.
- 61.4% of the District's net position reflects its investment in capital assets, less debt used to
  acquire those assets that is still outstanding. The District uses these capital assets to provide
  services to residents; therefore, they are not available for future spending. In addition, the
  resources needed to repay this debt must be provided from other sources, since the capital assets
  cannot be used to liquidate these liabilities.
- Restricted net assets are resources used for payment of general long-term debt principal, interest, and related costs and amounts restricted by tax levies to be used for certain purposes.
- Unrestricted net assets can be used for any purpose.

#### **Condensed Statement of Activities**

	-	1, 2021 to e 30, 2022	%	July 1, 2 % June 30		%	Change		%
Revenues									
General Revenues:									
Property taxes	\$	581,990	91.5%	\$	678,410	92.5%	\$	(96,420)	-14.2%
Replacement taxes		38,362	6.0%		15,719	2.1%		22,643	144.0%
Grants		10,515	1.7%		21,400	2.9%		(10,885)	-50.9%
Investment income		1,211	0.2%		700	0.1%		511	73.0%
Fines, fees and other		2,618	0.4%		17,554	2.4%		(14,936)	-85.1%
Donations		1,500	0.2%		-	0.0%		1,500	100.0%
Total revenues		636,196	100.0%		733,783	100.0%		(97,587)	-13.3%
Expenses									
Cultural		500,879	97.2%		433,553	99.7%		67,326	15.5%
Debt service		14,512	2.8%		1,087	0.3%		13,425	1235.1%
Total expenses		515,391	100.0%		434,640	100.0%		80,751	18.6%
Change in net position		120,805			299,143			(178,338)	-59.6%
Net position, beginning of year		2,004,331			1,705,188			299,143	17.5%
Net position, end of year	\$	2,125,136		\$	2,004,331		\$	120,805	6.0%

The Statement of Activities shows the nature and source of the changes in net position. The majority of revenue was used to fund cultural expenses. The decrease in revenue was due to receiving a one-time \$96,642 TIF property tax distribution in the fiscal year ending June 30, 2021. The increase in expenses was due to a slight increase in many of the District's monthly expenses as the Library began to transition back to pre-COVID norms.

#### **Budget**

The District did not amend their budget during the fiscal year. The actual funds received for the general fund were \$602,579 which was \$71,198 lower than budgeted. Actual expenditures for the general fund of \$1,141,947 were \$261,047 higher than budgeted, due to expenses related to the District's renovation project.

#### **Financial Analysis of District's Funds**

			IMI	RF & Social	Other	
	(	General		Security	Funds	Total
Total revenues	\$	602,579	\$	20,334	\$ 13,283	\$ 636,196
Total expenditures		1,141,947		15,356	28,097	1,185,400
Change in fund balance		(539,368)		4,978	(14,814)	(549,204)
Fund balance at June 30, 2021		1,198,763		312,765	212,637	1,724,165
Fund balance at June 30, 2022	\$	659,395	\$	317,743	\$ 197,823	\$ 1,174,961

\$99,544 of the IMRF & social security fund balance is committed by the Board for use to pay future IMRF and social security expenses. The remaining balance in this fund is restricted based on the tax levy. Other funds balances are restricted for specific purposes based on tax levies. The capital projects fund was created by the Board of Trustees to set aside funds for future acquisitions or construction of capital facilities and equipment. During the fiscal year ended June 30, 2022, the District's board approved the closure of the capital projects fund. The general fund has a balance of \$659,395, of which \$30,554 is committed by the board for the District's building addition, \$701,050 is restricted as collateral for the bank loan, and the remaining balance of \$(72,209) is unassigned.

#### **Capital Assets**

The District's investment in capital assets, net of accumulated depreciation was \$1,304,186 as of June 30, 2022. This was an increase of \$545,978 from June 30, 2021 and was due to District completing a majority of their renovation project and total additions exceeding depreciation expense. The following summarizes capital assets.

	June 30, 2022	June 30, 2021
Land	\$ 23,484	\$ 23,484
Construction in progress	669,446	87,677
Building and grounds	1,255,733	1,250,853
Furniture and fixtures	18,686	18,686
Artwork	5,696	5,696
Library collection	77,629	87,327
Total capital assets	2,050,674	1,473,723
Less: accumulated depreciation	746,488	715,515
Net capital assets	\$ 1,304,186	\$ 758,208

Additional information regarding capital assets may be found in the accompanying notes to the financial statements.

#### Debt

During the fiscal year ended June 30, 2021, a \$700,000 note payable was issued by First Midwest Bank. The note matures in May 2026. The District uses the general fund to pay this debt. At June 30, 2022, the note payable balance was \$631,123.

#### **Economic Factors Bearing on the District's Future**

At the time these financial statements were prepared, the District was aware of the following circumstances that could significantly affect its financial health in the future.

- The District's service area is the same as the boundaries for the Village of University Park; as such, the District's ability to generate tax receipts is directly linked to the Equalized Assessed Valuation (EAV) of the property within the Village of University Park. The EAV increased from \$134,244,220 in 2020 to \$138,398,399 in 2021. The rise in assessed valuation will provide more income but is also likely to result in a greater number of tax objections to lower assessments.
- Public Library Per Capita Grants are funded through the State. The population determined by the 2021 census will have an effect on future grants.
- Anticipated long-term effects of the COVID-19 pandemic include costs for PPE, rising costs for property/liability insurance, lower property values, failure of businesses, and lingering unemployment.
- The District hired a construction company in October 2019, an architecture firm in September 2020, and a construction company in February 2021 to oversee the design, bidding, and contract process, construction and post construction for a meeting room addition to the current library facilities. The meeting room addition is expected to be done in the fiscal year ending June 30, 2023.

#### **Requests for Information**

This financial report is designed to provide a general overview of the District's finances for all those interested. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Administrative Librarian, University Park Public Library District, 1100 Blackhawk Dr., University Park, Illinois 60484.

#### **NOTES TO FINANCIAL STATEMENTS**

June 30, 2022

#### **NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**UNIVERSITY PARK PUBLIC LIBRARY DISTRICT** (the "District") is located in University Park, Illinois. The District was organized under state law to provide cultural and library services to local residents.

The accounting policies of the District conform to accounting principles generally accepted in the United States of America as applicable to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

#### A. Reporting Entity

Accounting principles generally accepted in the United States of America require that the financial reporting entity include the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature of significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Based upon these criteria, there are no agencies or entities whose financial data should be combined with and included in the financial statements of the District. Also, the District is not considered a component unit of any other government entity.

#### **B.** Basis of Presentation

The fund and government-wide financial statements are combined, with a reconciliation shown between them. Therefore, the Governmental Funds Balance Sheet and Statement of Net Position are combined, and the Governmental Funds Revenues, Expenditures and Changes in Fund Balances and Statement of Activities are combined. The government-wide statements are designed to report the District's financial position and results of operations as a whole. The fund financial statements are designed to demonstrate legal compliance and to aid financial management by segregating transactions by fund. Program revenues include grants, fines, fees and other, and donations.

Major individual governmental funds are reported as separate columns on the fund financial statements and all other funds are combined under a single column. The major funds are the general and Illinois Municipal Retirement Fund (IMRF) & social security funds. Following is a brief description of the major funds used by the District.

General Fund – The general fund is the general operating fund of the District and accounts for all revenues and expenditures not encompassed within other funds. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. In addition, general operating expenditures and the capital improvement costs that are not paid through other funds are paid from this fund.

IMRF & Social Security Fund – The IMRF & social security fund is used to pay for the employer's portion of IMRF and social security taxes.

#### **NOTES TO FINANCIAL STATEMENTS**

June 30, 2022

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

#### C. Basis of Accounting

The government-wide statements (Statement of Net Position and Statement of Activities) are prepared using the economic resources measurement focus and the accrual basis of accounting. Under this method of accounting, revenues are recognized when earned and expenses are recorded when liabilities are incurred without regard to receipt or disbursement of cash. Property taxes are recognized as revenue in the year in which they are intended to finance. Interfund balances between funds have been eliminated in the government-wide statements.

Governmental funds are accounted for using a current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the Balance Sheet. Operating statements of these funds present increases (i.e. revenues and other financing sources) and decreases (i.e. expenditures and other financing uses) in fund equity. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to pay current period liabilities. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter (defined as within 60 days after the fiscal year-end) to be used to pay liabilities of the current period. Material revenues susceptible to accrual include property tax, replacement tax and grant revenue. Expenditures are recognized when the related fund liability is incurred.

#### D. Investments

Investments consist of investments held in an Illinois Funds Money Market account and are carried at cost, which approximates market.

#### E. Capital Assets

The accounting treatment for property, plant and equipment (capital assets) depends on whether the assets are reported on the government-wide or fund financial statements.

On the government-wide financial statements capital assets are valued at historical cost, or the estimated historical cost if actual is unavailable, except for donated capital assets, which are recorded at the estimated fair value at the date of donation. Depreciation of all exhaustible capital assets is recorded as a cultural expense on the Statement of Activities, with accumulated depreciation reflected on the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation.

#### **NOTES TO FINANCIAL STATEMENTS**

June 30, 2022

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

The range of estimated useful lives by type of asset is as follows:

Building and grounds 10 – 50 years
Furniture and fixtures 5 – 10 years
Artwork 60 years
Library collection (books and audio-visual) 5 years

The minimum capitalization threshold is any item with a total cost greater than \$2,500, except for purchases of the library collection, which are always capitalized.

On the fund financial statements, capital assets are accounted for as expenditures of the governmental fund upon acquisition.

#### F. Compensated Absences

The District's personnel policy permits employees to accumulate earned but unused vacation and sick pay benefits. No liability is recorded for unpaid accumulated sick leave since it is the District's policy to not pay unused sick leave when employees separate from the District. On the fund financial statements, accrued vacation is recorded in the general fund when payable (i.e. upon resignation or retirement). On the government-wide financial statements, these compensated absences are recorded when earned. The District uses the general fund to pay compensated absences.

#### G. Deferred Outflows/Inflows of Resources

The District reports deferred outflows/inflows of resources on its Governmental Funds Balance Sheet and Statement of Net Position. Deferred outflows of resources represent a consumption of net position that applies to future fiscal years, so will not be recognized as an outflow of resources (expenditure or expense) on the Statement of Activities until then. The District only has one item that qualifies for reporting in this category, the outflows related to the IMRF pension, which represents pension items that will be recognized in future periods.

The District also reports deferred inflows of resources on its Governmental Funds Balance Sheet and Statement of Net Position. Deferred inflows of resources represent an acquisition of net position that applies to future fiscal years, so will not be recognized as an inflow of resources (revenue or reduction of expense) on the Governmental Funds Revenues, Expenditures and Changes in Fund Balances until then. The District's only deferred inflows of resources that qualify for reporting in this category were:

- Levied property taxes intended to finance the next fiscal year, which will be recognized as revenue in the next fiscal year.
- Inflows related to the IMRF pension, which represents pension items that will be recognized in future periods.

#### **NOTES TO FINANCIAL STATEMENTS**

June 30, 2022

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

#### H. Property Taxes

The District annually establishes a legal right to revenue from property tax assessments upon enactment of a levy ordinance by its Board. Property taxes are recognized as a receivable at the time they are levied. Property tax revenues are recognized in the fiscal year they are intended to finance. In addition, revenue under the modified accrual basis (fund financial statements) is not recognized unless it is also available (collected within 60 days after fiscal year end). Property tax collections and property taxes receivable not recognized as revenue are reported as deferred inflows of resources. Property tax revenues on the fund financial statements are allocated to each fund in accordance with the applicable fund levy amounts.

The 2020 levy was intended to finance the fiscal year ended June 30, 2022. Therefore, the property taxes collected within 60 days of June 30, 2022 for this levy have been recorded as revenue. The 2021 levy is intended to finance the fiscal year ending June 30, 2023. Therefore, the advance collections and property taxes receivable of this levy as of June 30, 2022 have been recorded as deferred inflow of resources.

The District recorded an allowance for uncollectible property taxes of 0.81% of the 2021 levy (\$4,651). All uncollected taxes relating to prior years' levies have been written off.

Significant dates for the 2021 levy are as follows:

Lien date January 1, 2021 Levy date November 16, 2021

Cook County first installment due March 1, 2022 Cook County second installment due August 1, 2022

Will County first installment due June 1, 2022

Will County second installment due September 1, 2022

Property taxes are billed and collected by the county treasurers of Cook and Will counties. Property tax bills are typically mailed at least 30 days prior to due dates. Substantially all of the collected taxes for the 2021 tax levy will be received by the District between March 2022 and December 2022.

#### I. Elimination and Reclassifications

In the process of aggregating data for the government-wide Statement of Activities, some amounts reported as interfund activity and interfund receivables and payables on the fund financial statements may be eliminated or reclassified.

#### **NOTES TO FINANCIAL STATEMENTS**

June 30, 2022

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

#### J. Fund Balance

Equity is classified as fund balance on the fund financial statements and displayed in five components:

- Nonspendable includes amounts not in spendable form or amounts required to be maintained intact legally or contractually.
- Restricted includes amounts constrained for a specific purpose by external parties.
- Committed includes amounts constrained for a specific purpose by a government using its highest level of decision making authority (the Board of Trustees for the District). This formal action must occur prior to the end of the reporting period, but the amount of the committed balance may be determined in the subsequent period. Any changes to the constraints imposed require the same formal action of the Board of Trustees that originally created the commitment.
- Assigned includes general fund amounts constrained for a specific purpose by the Board of Trustees
  or by an official who has been delegated authority to assign amounts. The Board of Trustees has
  not delegated this authority as of June 30, 2022. Additionally, all remaining positive spendable
  amounts in government funds other than the general fund, that are neither restricted nor
  committed, are considered assigned. Assignments may take place after the end of the reporting
  period.
- Unassigned includes residual positive fund balance within the general fund which has not been
  classified within the other above mentioned categories. Unassigned fund balance may also include
  negative balances for any governmental fund if expenditures exceed amounts restricted,
  committed or assigned for those specific purposes.

In circumstances where an expenditure relates to amounts available in multiple fund balance classifications, the order in which resources will be expended is as follows: restricted fund balance, followed by committed, assigned and unassigned fund balances.

#### K. Net Position

Net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use either through constitutional provisions, enabling legislation, or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District uses restricted resources when an expense is incurred before using unrestricted resources.

#### **NOTES TO FINANCIAL STATEMENTS**

June 30, 2022

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

#### L. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### **NOTE 2. DEFINED BENEFIT PENSION PLAN**

#### **IMRF Plan Description**

The District's defined benefit pension plan for regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multiple-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at <a href="https://www.imrf.org">www.imrf.org</a>.

#### **Benefits Provided**

Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1½% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1½% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

#### **NOTES TO FINANCIAL STATEMENTS**

June 30, 2022

#### NOTE 2. DEFINED BENEFIT PENSION PLAN - Continued

#### **Employees Covered by Benefit Terms**

As of December 31, 2021, the following employees were covered by the benefit terms:

	IIVIKF
Retirees and beneficiaries currently receiving benefits	9
Inactive plan members entitled to but not yet receiving benefits	2
Active plan members	1
Total	12

#### **Contributions**

As set by statute, the District's regular plan members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar year 2021 was 1.10% of members' wages. For the fiscal year ended in June 30, 2022, the District contributed \$514 to the plan. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

#### **Net Pension Asset/Liability**

The District's net pension asset/liability was measured as of December 31, 2021. The total pension asset/liability used to calculate the net pension asset/liability was determined by an actuarial valuation as of that date.

#### **Actuarial Assumptions**

The following are the methods and assumptions used to determine total pension asset/liability at December 31, 2021:

- The Actuarial Cost Method used was Entry Age Normal.
- The Asset Valuation Method used was Market Value of Assets.
- The Inflation Rate was assumed to be 2.25%.
- Salary Increases were expected to be 2.85% to 13.75%.
- The Investment Rate of Return was assumed to be 7.25%.
- Projected Retirement Age was from the experience-based table of rates, specific to the type of eligibility condition. Last updated for the 2020 valuation pursuant to an experience study of the period 2017-2019.

INADE

#### **NOTES TO FINANCIAL STATEMENTS**

June 30, 2022

#### NOTE 2. DEFINED BENEFIT PENSION PLAN - Continued

• Mortality – For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

The **long-term expected rate of return** on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

	Portfolio target	Long-term expected real
Asset class	percentage	rate of return
Domestic equity	39%	1.90%
International equity	15%	3.15%
Fixed income	25%	-0.60%
Real estate	10%	3.30%
Alternative investments	10%	1.70%-5.50%
Cash equivalents	1%	-0.90%
Total	100%	

There were no benefit changes during the calendar year 2021.

#### **NOTES TO FINANCIAL STATEMENTS**

June 30, 2022

#### NOTE 2. DEFINED BENEFIT PENSION PLAN - Continued

#### **Single Discount Rate**

A Single Discount Rate of 7.25% was used to measure the total pension asset/liability. The projection of cash flow used to determine the Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

- The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
- The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an
  average AA credit rating (which is published by the Federal Reserve) as of the measurement date
  (to the extent that the contributions for use with the long-term expected rate of return are not
  met).

For the purpose of this valuation, the expected rate of return on pension plan investments is 7.25%, the municipal bond rate is 1.84% and the resulting single discount rate is 7.25%.

#### **Changes in the Net Pension Asset/Liability**

	al pension iability	n fiduciary t position	et pension et) liability

#### Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2022, the District recognized pension income of \$63,271. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Deferred amounts related to pensions	Deferred outflows of resources			eferred flows of esources
Deferred amounts to be recognized in pension expense in future periods  Differences between expected and actual experience	\$	-	\$	1,518
Changes of assumptions		-		-
Net difference between projected and actual earnings on pension plan investments				154,826
Total deferred amounts to be recognized in pension expense in future periods		-		156,344
Pension contributions made subsequent to the measurement date		215		
Total deferred amounts related to pensions	\$	215	\$	156,344

#### **NOTES TO FINANCIAL STATEMENTS**

June 30, 2022

#### NOTE 2. DEFINED BENEFIT PENSION PLAN – Continued

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in the pension expense in future periods as follows:

Year ending		deferred flows of
December 31,	re	sources
2022	\$	35,170
2023		60,463
2024		38,023
2025		22,688
2026		-
Thereafter		
Total	\$	156,344

#### **NOTE 3. CASH AND INVESTMENTS**

Reconciled cash and investments were as follows at June 30, 2022:

Old Second National Bank - checking accounts	\$ 15,813	
Old Second National Bank - savings accounts	564,889	
US Bank - money market	16,995	
First Midwest Bank - checking account	162,169	
Illinois Funds Investment (see below - does not require categorization)	10,743	
Current		\$ 770,609
First Midwest Bank - certificate of deposit (maturing 5/1/2026)	 701,050	
Noncurrent		701,050
Total cash and investments		\$ 1,471,659

The District's investment policy (the "policy") authorizes the District to invest in obligations of the U.S. government and its agencies, interest-bearing savings accounts, certain short-term obligations of U.S. corporations, money market mutual funds, certificates of deposits, Illinois Public Treasurer's Investment Pool (Illinois Funds), and other securities authorized by the Illinois Public Funds Investment Act.

Custodial credit risk is the risk that the District will not be able to recover its deposits with financial
institutions in the event of the failure of the financial institutions. The policy requires no collateral
for investments in federally insured or licensed institutions permitted to hold public funds, provided
that such investments shall not exceed federal insurance limits. Uninsured investments shall be
collateralized by securities or mortgages in an amount equal to at least fair market value of the
uninsured amount. The District had deposits of \$574,213 at June 30, 2022 that exceed federal
insurance limits.

#### **NOTES TO FINANCIAL STATEMENTS**

June 30, 2022

#### NOTE 3. CASH AND INVESTMENTS - Continued

- Credit risk is the risk that an issuer or counterparty to an investment will not fulfill its obligations, resulting in investment losses by the District. The policy states that uninsured deposits shall be collateralized by at least 110% of deposits in excess of the FDIC limit. Certificates of deposit, share certificates, surety bonds and letters of credit should be insured by at least 102% in excess of the FDIC limit. Repurchase agreements should be collateralized by at least 102% of the value of the repurchase agreement.
- Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The policy states that no investment shall exceed two years maturity.
- Concentration of credit risk is the risk of loss due to the District's investments not being diversified.
  The policy states that no investment category shall exceed 40% of the District's portfolio except for
  cash equivalents and treasury securities. The certificate of deposit, which matures on 5/1/2026,
  comprises 48% of the District's total cash and investments at June 30, 2022.
- Illinois Funds is an investment pool managed by the State of Illinois, Office of Treasurer, which allows governments within the state to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company but operates in a manner consistent with Rule 2(a)7 of the Investment Company Act of 1940. Illinois Funds issues a publicly available financial report that includes financial statements and supplementary information. That report may be obtained on-line at www.treasurer.il.gov.

The District's deposits with financial institutions were categorized as follows at June 30, 2022:

Insured by federal depository insurance	\$ 939,907
Collateralized by securities held by the pledging financial institution's	
trust department or agent in the District's name	-
Collateralized by securities held by the pledging financial institution's	
trust department or agent, but not in the District's name	-
Uncollateralized	 574,213
Total deposits with financial institutions	\$ 1,514,120

#### **NOTE 4. LONG-TERM LIABILITIES**

Long-term liability activity for the year ended June 30, 2022 was as follows:

	В	eginning						Ending	Du	e Within		
		Balance		Balance Incre		creases	ses Decreases		Balance		0	ne Year
Note payable	\$	694,589	\$	-	\$	(63,466)	\$	631,123	\$	64,848		
Accrued compensated absences		18,379		8,146		(4,926)		21,599		21,599		
Total long-term liabilities	\$	712,968	\$	8,146	\$	(68,392)	\$	652,722	\$	86,447		

#### **NOTES TO FINANCIAL STATEMENTS**

June 30, 2022

#### **NOTE 4. LONG-TERM LIABILITIES – Continued**

Note payable at June 30, 2022 was comprised of the following issuance:

A note payable of \$700,000 was issued in May 2021. This note bears an interest rate of 2.15%. It requires monthly principal and interest payments of \$6,498 through April 6, 2026 with a final payment of \$375,544 on May 6, 2026. Principal payments began on June 6, 2021. This note is collateralized by a certificate of deposit with a value of \$701,050 at June 30, 2022 with First Midwest Bank.

The general fund has been used to liquidate notes payable and accrued compensated absences.

Minimum future payments for the note payable are as follows at June 30, 2022:

Fiscal Year	Principal		Ir	nterest	Total
June 30, 2023	\$	64,848	\$	13,130	\$ 77,978
June 30, 2024		66,278		11,701	77,979
June 30, 2025		67,738		10,240	77,978
June 30, 2026		432,259		7,394	 439,653
	\$	631,123	\$	42,465	\$ 673,588

A computation of the legal debt margin of the District as of June 30, 2022 is as follows:

Equalized Assessed Valuation 2021	\$ 138,398,399				
Legal debt limit - 2.875%	\$	3,978,954			
Amount of the debt applicable to limit		(631,123)			
Estimated legal debt margin	\$	3,347,831

Capital assets, net	\$	758,208	\$	545,978	\$	<u>-</u>	\$ 1,304,186

#### **NOTE 6. RISK OF LOSS**

The District is exposed to various risks of loss through property ownership, employee injury, liability of employees, actions of elected officials and other risks. The District purchased commercial insurance policies to overcome these risks. Claims have not exceeded coverage in the last three years.

#### **NOTES TO FINANCIAL STATEMENTS**

June 30, 2022

#### **NOTE 7. POST EMPLOYMENT BENEFITS**

The District has evaluated its potential other post-employment benefits liability. Former employees who choose to retain their rights to health insurance through the District are required to pay 100% of the current premium. Since employees pay 100% of this benefit, there is no liability to calculate in accordance with GASB Statement No. 75, Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions. Therefore, the District has not recorded a liability as of June 30, 2022.

#### **NOTE 8. FUND BALANCE CLASSIFICATIONS**

The following is a schedule of fund balance classifications for the governmental funds at June 30, 2022:

	IMRF & Social					
	General		Security		Oth	ner Funds
Fund balances:		_				
Restricted for:						
Outstanding debt	\$	701,050	\$	-	\$	-
IMRF & social security		-		218,199		-
Interfund loans		-		-		70,001
Debt service		-		-		76,926
Unemployment compensation		-		-		10,870
Audit		-		-		997
Liability insurance		-		-		39,029
Committed by Board:						
General - outstanding debt		30,554		-		
IMRF & social security		-		99,544		-
Unassigned		(72,209)				
Total fund balances	\$	659,395	\$	317,743	\$	197,823

#### **NOTES TO FINANCIAL STATEMENTS**

June 30, 2022

#### NOTE 9. RESTRICTED NET POSITION

The following is a schedule of restricted net position on the Statement of Net Position at June 30, 2022.

Restricted by tax levies for:		
Working cash (interfund loans)	\$ 70,001	
Debt service	76,926	
IMRF & social security	218,199	
Unemployment compensation	10,870	
Audit	997	
Liability insurance	 39,029	
Total restricted by tax levies		\$ 416,022
Restricted by bank for outstanding debt		701,050
Total restricted net position		\$ 1,117,072

#### **NOTE 10. DEFERRED COMPENSATION**

The District has a 457 deferred compensation plan. Employees may make voluntary contributions to the plan within the limits allowed by Internal Revenue Service Code Section 457.

#### **NOTE 11. CONTRACTUAL COMMITMENTS**

The District has entered into contracts with a construction management firm, an architecture firm, and a construction company to oversee the design, bidding and contract process, construction and post construction for a meeting room addition to the current library facilities. The contracts for these services total \$1,018,524, and as of June 30, 2022, \$669,446 has been paid.

#### **NOTE 12. SUBSEQUENT EVENTS**

The District has evaluated events subsequent to June 30, 2022 for possible adjustment or disclosure to the accompanying financial statements. This evaluation was done through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

#### NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

June 30, 2022

#### **NOTE 1. BUDGETS**

Budgets for funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America. The following procedures are used to establish the budgets:

- (a) The District's Director submits a proposed operating budget to the Board of Trustees for approval.
- (b) The Board of Trustees makes any adjustments to the budget deemed necessary and approves the proposed budget and appropriation ordinance.
- (c) Notice is published in a newspaper that the tentative Annual Budget and Appropriation Ordinance of the District is available for inspection and then is subsequently presented at a public hearing.
- (d) The District's Board of Trustees adopts the Annual Budget and Appropriation Ordinance after the public hearing.

Expenditures may not legally exceed the budgeted appropriations at the fund level. The budget may be amended by the District's Board of Trustees. There were no amendments to the budget for the year ended June 30, 2022.

#### NOTE 2. EXCESS OF ACTUAL EXPENDITURES OVER BUDGET

Expenditures exceeded the appropriations by \$261,047 for the year ended June 30, 2022 for the general fund. Expenditures did not exceed the appropriation for the year ended June 30, 2022 for the major special revenue fund (IMRF & social security).

#### NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

June 30, 2022

#### NOTE 3. SCHEDULE OF EMPLOYER CONTRIBUTIONS

Summary of Actuarial Methods and Assumptions Used in the Calculation of the 2021 Contribution Rate\* Valuation Date:

Notes Actuarially determined contribution rates are calculated as of

December 31 each year, which is 12 months prior to the beginning of

the calendar year in which contributions are reported.

Methods and Assumptions Used to Determine 2021 Contribution Rates

Actuarial Cost Method: Aggregate entry age normal

Amortization Method: Level percentage of payroll, closed

Remaining Amortization Period: 22-year closed period

Asset Valuation Method: 5-year smoothed market; 20% corridor

Wage Growth: 3.25% Price Inflation: 2.50%

Salary Increases: 3.35% to 14.25%, including inflation

Investment Rate of Return: 7.25%

Retirement Age: Experience-based table of rates that are specific to the type of

eligibility condition. Last updated for the 2017 valuation pursuant to

an experience study of the period 2014-2016.

Mortality: For non-disabled retirees, IMRF specific mortality rates were used with

fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Blue Collar Healthy Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, IMRF specific mortality rates were used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustments that were applied for non-disabled lives. For active members, IMRF specific mortality rates were used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match

current IMRF experience.

**Other Information:** 

Notes There were no benefit changes during the year.

<sup>\*</sup>Based on Valuation Assumptions used in the December 31, 2019 actuarial valuation.
